Best Seats in the House

SOMETIMES CHOOSING THE RIGHT PLACE TO SIT MAKES ALL THE DIFFERENCE.

BISTRO AIX

Marketing director Sarah Marie Johnston says **TABLE 62** is the best place to truly enjoy San Marco's Bistro Aix. The table is one of four large circular banquettes in the center of the main dining room. "It is a favorite table of many guests because wherever you sit you can enjoy a view: either of the activities in the kitchen, the Onyx Room and Bar, or the hustle and bustle of the dining room," says Johnston. The size and shape of the table suits groups of up to six. If you want to see and be seen, sit here.
